

DECCAN ODYSSEY

Deccan Odyssey

The story of the Deccan Odyssey begins in the early 2000s, when the Maharashtra Tourism Development Corporation (MTDC) joined hands with Indian Railways to create a world-class luxury train experience that would put the rich cultural and historical heritage of Maharashtra firmly on the global tourism map. The train made its maiden voyage in January 2004, and from the very first journey, it was clear that this was no ordinary rail venture — it was a bold statement that India could offer luxury travel experiences that rivaled anything found in Europe or the Far East.

A waiter with a mustache, wearing a pink vest over a white shirt and a name tag, stands in a restaurant car. He is holding a wicker basket filled with several golden-brown, round breads. The restaurant car has a warm, ornate interior with gold-colored walls, a patterned ceiling, and red upholstered seating. In the foreground, a table is set with a white tablecloth, a glass of water, and a red floral centerpiece.

Waavar and Utsav

The Deccan Odyssey is home to two beautifully appointed restaurant cars — Waavar and Utsav — each offering a distinctive dining atmosphere while delivering the same high standard of culinary excellence. Waavar, meaning "journey" in Marathi, sets the tone with its warm, culturally rich interiors that reflect the spirit of travel and discovery.

Utsav, meaning "celebration," lives up to its name by creating a festive and joyful dining environment perfect for special occasions and shared moments. Together, the two restaurants serve a thoughtfully curated menu that brings the very best of Indian regional cuisine to the table alongside carefully prepared continental dishes. Every meal is a sensory experience — aromatic, beautifully presented, and deeply satisfying — with the ever-changing landscape outside your window adding a backdrop that no restaurant on land could ever replicate.

Pankh

The Pankh conference car — with Pankh meaning "wings" in Hindi — reflects the train's vision of giving every guest the freedom to soar, even in a professional capacity. This thoughtfully equipped conference facility makes the Deccan Odyssey one of the very few luxury trains in the world that caters seamlessly to corporate travelers and business groups. The Pankh car is fitted with modern audio-visual equipment, comfortable seating arrangements, and the kind of focused atmosphere that makes it ideal for board meetings, corporate retreats, product presentations, and team discussions. Hosting a business meeting while rolling past the ancient forts and lush valleys of the Deccan Plateau is an experience that leaves a lasting impression on clients and colleagues alike — one that no conventional conference room could ever come close to matching.

Bar & Lounge

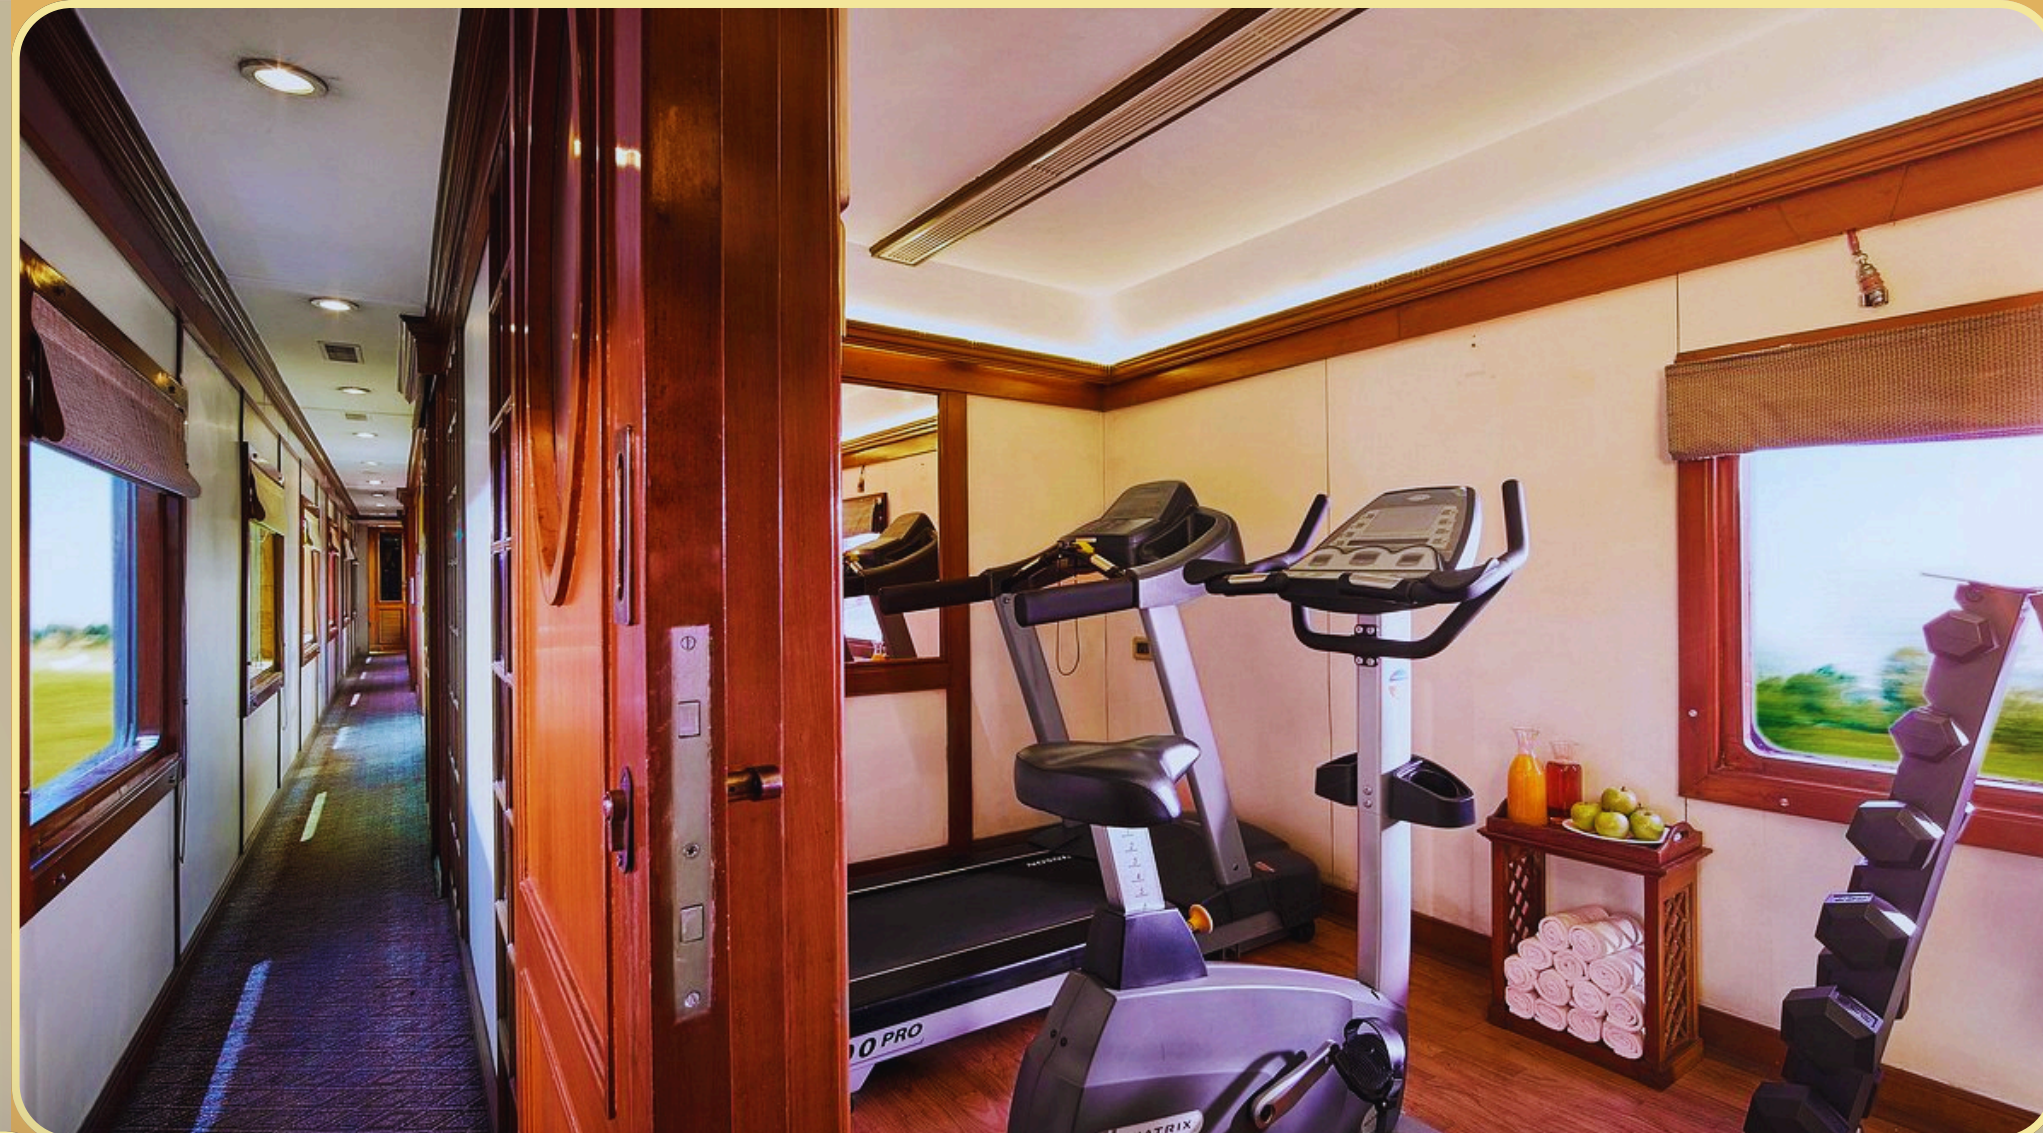

The Gateway bar and lounge is the social heart of the Deccan Odyssey — a place where the day's adventures are relived over fine drinks and easy conversation. Styled with contemporary elegance and a nod to Indian heritage, the Gateway offers a curated selection of premium wines, aged spirits, signature cocktails, and a range of non-alcoholic beverages to suit every taste. Whether you prefer a quiet corner with a good book and a single malt in hand, or you enjoy mingling with fellow travelers over a chilled sundowner as the train glides through golden countryside, the Gateway lounge creates the perfect setting for both. The warm lighting, comfortable seating, and attentive bar staff make it a space you will find yourself returning to evening after evening throughout the journey.

Gym

For guests who like to stay active even while on holiday, the Deccan Odyssey's on-board Gym ensures that a luxury train journey never has to mean a break from your fitness routine. Equipped with essential cardio and strength training equipment, the gym offers a compact yet well-organized space where guests can work out at their own pace and on their own schedule. Whether you prefer an energizing morning workout before the day's excursions or a quick session to clear your head in the evening, the gym is available for your use throughout the journey. Staying fit while watching the Indian landscape roll past your window is a combination that very few fitness experiences in the world can offer — and the Deccan Odyssey delivers it effortlessly.

Ayush Spa Room

Wellness finds its most indulgent expression in the Ayush Spa, the dedicated spa car on board the Deccan Odyssey. Drawing its name and philosophy from the ancient Indian science of Ayurveda, the Ayush Spa offers a tranquil sanctuary where guests can truly unwind and restore balance to both body and mind. Trained therapists offer a range of treatments including traditional Ayurvedic massages, deep tissue therapies, soothing face treatments, and holistic wellness rituals using natural oils and herbal formulations rooted in centuries-old Indian healing traditions. The gentle rhythm of the moving train adds an almost meditative quality to every session, making the experience even more deeply relaxing. After a day of touring forts, temples, or wildlife reserves, an evening at the Ayush Spa is the perfect way to melt away any fatigue and wake up the next morning feeling completely refreshed.
